EDUCATION

- **Dayananda Sagar College of Engineering** Bengaluru, India
B.E in Electrical and Electronics Engineering; CGPA: 8.56 July 2022 - May 2026 (expected)
- **Sadar Alam Memorial Secondary School** Bihar, India
Central Board of Secondary Education - XII Grade:76.6% Jan 2019- Jan 2021
- **DAV Public School** Bihar, India
Central Board of Secondary Education - X Grade:-86.2% Jan 2013- Jan 2019

PROJECTS

- **EZ Chat – A real-time chat application**
Live Demo *GitHub*
 - Built a real-time chat app using React, Spring Boot, WebSocket (STOMP), and Tailwind CSS for responsive UI/UX.
 - Secured users with Spring Security, JWT, OAuth2, and BCrypt encryption for reliable login authentication flow.
 - Leveraged Spring AI and Gemini API to enable smart chat assistance through RESTful API calls using Web Client.
 - Enabled image, video, and document sharing up to 50 MB via Cloudinary, cutting media load times by over 35%.
 - Used Redux Toolkit and React Router to reduce re-renders by 40% and enable smooth client-side navigation flow.
- **HeritaQuest – A heritage quiz application**
Live Demo *GitHub*
 - Developed a heritage-based quiz app using React, Spring Boot, and PostgreSQL with 200+ global locations supported.
 - Integrated MapTiler and Gemini API to deliver quizzes in under 300ms from pinned locations on any continent.
 - Secured the platform with OAuth2, OTP-based reset, and encrypted credentials, achieving 100% test success rate.
 - Built a dashboard with editable profiles, Cloudinary uploads, and tracked 1000+ game histories and leaderboard entries.
 - Applied Redux Toolkit and Tailwind CSS to reduce state-related bugs by 40% and ensure full mobile responsiveness.
- **Paste App – Notes management application**
Live Demo *GitHub*
 - Built a full-stack note management app using React, Spring Boot, and MongoDB Atlas, storing over 500 user snippets.
 - Secured accounts with JWT, BCrypt, and CSRF protection, ensuring 100% backend security compliance in testing.
 - Integrated JavaMailSender for OTP-based email verification and password reset with 100% deliverability success rate.
 - Added dynamic line numbering in the editor to improve readability and editing precision for all stored code snippets.

SKILLS

- **Programming Languages:** C++, Java, JavaScript
- **Technologies and Frameworks:** Spring Boot, React.js, Tailwind CSS
- **Database Systems:** MySQL, MongoDB
- **Other Skills:** Data Structures and Algorithms(DSA), Object Oriented Programming (OOPs), Database Management System(DBMS),Operating System(OS)

CERTIFICATIONS

- Certificate of Excellence in C++ – Scaler Topics Certificate
- GFG 160 – 160 Days of Problem Solving Certificate
- Java Spring Boot Course Completion – Infosys Springboard Certificate
- Java Concepts Course Completion – Infosys Springboard Certificate

ACHIEVEMENTS

- Solved over 600 problems on **Leetcode** , **GeeksforGeeks** , and **Coding Ninjas** .
- Participated in the **ROTECH Hackathon**, organized by BMSCE, and secured a position among the Top 10 teams.
